Studbook Matters

- FG reported that she is starting to keep records of which passports have been signed to confirm the horse is not in the food chain. Currently only ~20 are known. FG to record status as she sees passports. FG
- Duplicate passports for non-icelandics (only a few old ones still on records). FG circulated 2 options for the passport information page. All agreed that option 1 was better and is to be stamped and signed by FG. FG
- Outline diagrams are required unless a microchip is present. In the 2 present cases the records indicate freezemarks, which will be indicated at the top of the outline page – should be sufficient.
- Pedigree page (p8/9 in passport) should be crossed out for non-Icelandics.
