

- All tests should be performed and filmed individually.
- Regardless of where you film it – on an oval track, in a school (min 40 x 20m) – one round is regarded as the same, so one round of track or one round of school.
- Middle of the short side refers to the middle area of the oval track short side – or at A or C in school.
- Test should be filmed from the middle of the track / school / area
